ARCHITECTURAL METALWORK

Rilmac specialises in the fabrication of first class bespoke metalwork. We cover a wide range of applications in many different ferrous and non-ferrous metals to the very highest standards. We have the capability to manufacture bespoke architectural metalwork to provide a wide range of aesthetic architectural features.

We have the ability to create specific artworks and fabrications to meet our clients' demands and expectations as well as refining existing ideas or following pre-existing CAD or architectural designs and artwork. We are able to work on a large scale producing public artworks and sculptures, plus commercial projects as well as small scale private commissions and bespoke hardware.
