KIER CONSTRUCTION CASE STUDY

Based in Nottingham, Rilmac assisted Kier in the delivery of an asbestos removal/asbestos management project.

Our Approach:

We worked closely with Kier and Nottingham City Council to plan, program and deliver the projects. Kier and Nottingham City Council showed faith in Rilmac, our quick response times and project delivery. First Order Red, the clients' approved asbestos consultant were involved throughout the project. Rilmac worked to approved abatement documents. Kier conducted regular internal site audits and we scored extremely well, achieving the highest mark BLUE Award.

Customer Benefits:

The work was conducted to strict programs which were planned and delivered as required by the client.

Customer Comments:

"Very helpful and knowledgeable with our field of expertise which has helped to deliver a difficult project."
Chris Taylor, Kier Site Manager - Nottingham County Hall
